Not sure who is requiring the signature but I would assume this is a CTAE printer. Just tell them to put in the order and I will approve it in the portal.

Thanks...

Hey Keith-

An instructor came to me asking me to sign a request for a \$2400 printer. He says it requires a signature from technology. It is a Canon Image Prograph Ip770 with stand. The instructor is Michael Barcarse. So do I sign it? Forward to you?

Thank you,

Brad Pryor
